Subject: RE: FW: Round Mountain Aquifer

So, these are two separate meetings to be attended partially by the same people? If so and if Round Mountain is first, maybe I don't show up till 2 or 2:30 at DOGGR. Joel

Subject: Accepted: FW: Round Mountain Aquifer
When: Thursday, May 05, 2016 1:00 PM-4:00 PM (UTC-08:00) Pacific Time (US & Canada).
Where: DOGGR HQ 801 K St, 18th floor teleconference room

Hello Al,

Thank you for sending this invitation. I wanted to follow-up with you regarding the agenda and logistics for this meeting. As I recall we were going to have two items on the meeting agenda - the Round Mountain AE, and the Class II to Class I discussion. I'd like to suggest that we reserve the first half of the meeting for the Round Mountain presentation, and the second half for the Class I to II discussion so EPA can log its consultants off after the Round Mountain presentation for the first hour or hour and a half. Would that be acceptable to DOGGR?

Second, we are going to have folks in separate locations and wondered if your video teleconference system would allow for sharing of the screen so that the Inland district's presentation can be viewed at our various locations, or if a webinar is a better option. Hopefully what we learn from this presentation can be used for the next one on Arroyo Grande! Please feel free to give me a call to discuss the logistics of this upcoming meeting.

Sincerely,
Michele
